

**Field Trip Permission Slip**  
**IROC for indoor swimming, rollerblading & basketball**  
**Wednesday, June 9, 2010**

*We are looking forward a trip to IROC as an all school celebration for completing a successful first year of Positive Behavior Supports.*

Schedule of Events

- 8:00 leave school via bus
- 9:15 arrive at IROC
- 9:30 Group #1 swims and Group #2 uses Arena (rollerblade and/or basketball)
- 10:20 Snack Break, Both Groups
- 10:35 Group #2 swims and Group #1 uses Arena (rollerblade and/or basketball)
- 11:05 Activities end and go back to school
- 12:50 Return to school, we will provide a small snack on the bus.

A late lunch will be served to the students in the cafeteria

All attached forms are required by IROC and **MUST BE FILLED OUT COMPLETELY!**

**A note regarding chaperones:** Because this is a school sponsored PBS end of the year reward trip, it is appropriate that only school personnel attend. Therefore we will not need any parent chaperones on the bus or to meet us at IROC.

-----  
(please retain top portion)

My child, \_\_\_\_\_ has permission to go to IROC on  
Wednesday, June 9, 2010.

- I understand that if my child has been assigned to Group #1 they should come to school with their bathing suit under their clothing to allow them more swimming time, note: **IROC requires proper swimming attire, no "cut offs" or overly revealing swim suits.**
- **I have read all the pool regulations and guidelines for use and discussed them with my child.**
- **I have filled out the Youth Program Registration Form required by IROC with an emergency contact, other than a parent, and signed the form in all 3 places.**
- **Things to bring:** Swimsuit, Towel, water bottle (with name), healthy snack, change of clothes including underwear for after swimming and **HELMET** if your child plans to rollerblade. A bike or ski helmet is fine, Let the school know if you need to borrow one of ours.

\_\_\_\_\_  
Signed

**NEW THIS YEAR!** In order to promote healthy snacks we asking that no food or drink purchases be made from the vending machines. Students may bring water bottles or other healthy drinks and a snack. The additional benefit of this will be that students will have their appetite for lunch.
