

September 3, 2009

Greetings,

As I write this we are finishing our first week of school at Woodbury Elementary, and I can say with confidence that I feel we have enjoyed a very positive start to the school year! It was quite heartwarming to see the number of parents and guardians who attended our Monday morning "welcome back to school" breakfast. Thanks to all of you who took time to celebrate that all important first day of school with your children. I enjoyed meeting many of you and will look forward to getting to know you all throughout the school year.

Please note a couple of important upcoming dates contained in this newsletter including our Open House/Potluck Dinner, Grandparents' luncheon and School Picture Day.

Please know that the Woodbury Elementary testing window for the New England Common Assessment Program (NECAP) fall testing administration is between October 1 and 16. More information will be forthcoming in future newsletters regarding this standardized test which is required for our 3-6 graders.

The weather forecast for Labor Day weekend looks stellar. Enjoy our September sunshine and I look forward to greeting your children when they return to school Tuesday morning, September 8!

Sincerely,

Sharon Fortune

Principal
